Two Hundred and Fifty Stories.

And every story a good one. They are entertaining, but that is not all you can say about them. You know there is hardly a periodical published that is not full of time-wasting stories, but not a single story in The Youth's Companion is a time waster. Take the stories of C. A. Stephens. It would be hard to pick out one from which you cannot learn something useful and yet entertaining.

Some of The Companion stories refresh your knowledge of geography; some tell you the mysteries of chemistry, some reveal the secrets of forestry and of general farming. They cover a wide range. They are chosen with an eye to the possible likings of every member of a Companion family—stories of vigorous action and stirring adventure for boys, stories of college life and domestic vicissitudes for girls, stories that range all the way from sheer drollery to deep seriousness for men and women. There are no stories quite like those in The Companion.

If you are not familiar with The Companion as it is to-day, let us send you sample copies and the Forecast for 1916.

New subscribers who send \$2.00 for 1916 will receive free a copy of The Companion Home Calendar for 1916, in addition to all the remaining 1915 issues from the time the subscription is received.

Congratulation for Bal Trigg.

R. Ballard Trigg, of Glasgow, State Senator-elect from the Barren-Adair-Metcalf district, was in Louisville last Thursday receiving the congratulations of his many friends on his victory after a hard fight. The Republicans gave Bal a "run for his money," to use a racing phrase, and, while his majority was not overwhelming, it was sufficiently large for all practical purposes. As a close finisher Bal has demonstrated that he is right there. His friends expect him to take high rank as a solon.—Louisville Times.
